About the School

Kamehameha Schools was founded in 1887 and is an independent college preparatory day school which serves primarily children of Hawaiian ethnicity. Today the Schools are comprised of three separate K-12 campuses, 31 early childhood centers and multiple community outreach programs.

The Maui campus was established in 1996 and currently enrolls approximately 1,100 students in kindergarten through 12th grade. The high school includes grades 9-12 with a current enrollment of 472 students.

The school is located on a 180-acre hillside campus on the slopes of Haleakalā. Students commute to the campus from across the island. The County of Maui has a multi-ethnic population of approximately 140,000.

The high school campus is equipped with Career Academy buildings for Information Technology, Business & Leadership, Arts & Communication and Science and Natural Resources; the Charles Reed Bishop Learning Center, and an athletic complex including a stadium, track, gymnasium, soccer field, and swimming pool complex. The Class of 2018 has 115 students.

Admission

Admission to grades K-12 is competitive. The student body is diverse, with a wide range of interests and talents. At the high school, the acceptance rate is 1:5. Kamehameha Schools' admissions policy gives preference to children of Hawaiian ancestry to the extent permitted by law. Special consideration is extended to Hawaiian orphans and indigents.

Financial Assistance

Kamehameha Schools subsidizes 92% of the cost of educating all of its students. The tuition for the 2017-18 school year is \$5,381 for students in grades 7 - 12. Nearly 80% of the student body receives additional aid based on financial need..

Graduation Requirements

To graduate, members of the class of 2018 must earn at least 28 credits in high school (grades 9 through 12). The high school operates on a modified block schedule. Students are enrolled in at least four credits each semester. One-half credit equals one semester's work. The following requirements apply:

Academic Program

The high school program is designed around the Career Academy model and offers students four academy options. In addition to meeting all graduation requirements, students complete an endorsement in one or more of the academies. The academy endorsement certifies that a student has taken a prescribed course of study in a particular field. Table shows the class of 2018 distribution across the academies.
