The information session is open to all students and their families. Kindly indicate the number of persons in your party when you [RSVP](#) online. The session will give an overview of Japan, the university, and its branch campus in Tokyo. Focus will be on the application process for TUJ's Undergraduate Program.

Temple University, Japan Campus (TUJ) is the oldest and largest foreign university in Japan. It is the first institution to be recognized as a Foreign University, Japan campus, by Japan's Ministry of Education. Since its establishment in 1982, TUJ remains the only university in Japan to offer comprehensive programs in English for degree and non-degree students, and where students can earn American bachelor's, master's and doctoral degrees without leaving Japan.
